

## Safeguarding & Child Protection Policy

Warrington Gymnastics Club (WGC) is fully committed to safeguarding and promoting the well-being of all our members and ensuring that those working with children and vulnerable adults will adopt best practice to ensure the highest standards of care. The Club believes it is important that all associated members, coaches, administrators and parents should show respect and understanding for the safety and welfare of others.

**The Club adheres to and follows the British Gymnastics Safeguarding & Protecting Children Policy and Health, Safety & Welfare Policies, and this document (which sets out how the Club discharges its statutory responsibilities relating to safeguarding and promoting the welfare of members of our Club) should be read in conjunction with the British Gymnastics policies, which are available through our website, for a comprehensive approach to how we safeguard and promote child protection.**

One of WGC objectives is: 'providing a high quality of gymnastic activities in a supportive, friendly, progressive and safe environment aiming to help each gymnast reach their fullest potential.'

Safeguarding and promoting the welfare of children is **everyone's** responsibility. **Everyone** who comes into contact with children and their families and carers has a role to play in safeguarding children. In order to fulfil this responsibility effectively, all professionals should make sure their approach is child-centred. This means that they should consider, at all times, what is in the **best interests** of the child. A child should be able to go to WGC and feel safe so that they can achieve their very best and enjoy their gymnastics activities.

Safeguarding and child protection is an important subject in which all staff receive training through approved British Gymnastics providers. Our priority is to work with parents/carers but there may be times when we have to involve other people. Everybody has a responsibility to keep all children under the age of 18 safe.

**Warrington Gymnastics Club has a statutory responsibility** to share any concerns it may have about a child in need of protection with other agencies and in particular police, health and children's social care. WGC is not able to investigate these concerns but have a legal duty to refer them. In most instances, WGC will be able to inform the parents/carer of its need to make a referral.

However, sometimes the Club is advised by children's social care or police that the parent/carer cannot be informed whilst they investigate the matter. We understand the anxiety parents/carers understandably feel when they are not told about any concerns from the outset. The Club follows legislation that aims to act in the interests of the child.

## Safeguarding Issues

**Attendance** - Your child's attendance is monitored and significant absences are always followed up by the coaching team. This is also important for coaches to be aware of any illness or health requirements which may affect their training.

**Behaviour** – WGC has clear behaviour rules for the whole Club community that must be followed to keep everyone safe and happy. There are codes of conduct that we expect all members (and parents/carers) to follow. WGC will not tolerate any threatening or abusive behaviour towards any member of the Club.

We understand that children do sometimes fall out and this will be dealt with by an adult (Coach, Staff Member or Welfare Officer) who will listen to the children involved and help resolve the situation, according to our codes of conduct.

**Bullying** - The Club takes all cases of bullying very seriously and will work with children and families to try and resolve any problems. The Club has an anti-bullying policy that you should read and understand. You can also contact our Welfare Officer directly about anti-bullying concerns.

**Health and Safety** - Everyone at WGC has a responsibility to keep adults and children safe within the gym environment. The Club has a clear health and safety policy which everyone must follow. The Club has trained first aiders to assist with any accidents in the gym.

**E-safety** - The Club recognises that technology plays an important role in the education of our children and is committed to safeguarding children in the virtual world. Parents/carers should inform their child's coach if they do not wish for their child to be included on any photographs or social media publicity. The Club follows a social media policy, which is available from the website. We advise that gymnasts under the age of 16, should not be in personal contact via email, Facebook and social media with coaches, but that communication should be relayed through parents.

## Confidentiality

- All matters relating to safeguarding and child protection are strictly confidential
